

Garden Helper Bin

A sensory-bin recipe

You will need: a big tub, dried beans or big pasta, garden treasures to bury

Dig like a gardener, hunt like a treasure finder.

1. Fill a big tub with dried beans or pasta.
2. Bury the garden treasures inside.
3. Hunt with a scoop, a spoon, or your fingers.

Can you find...

- | | |
|--|--------------------------------------|
| ☐ a plastic flower pot | ☐ a seed packet |
| ☐ a toy watering can | ☐ a garden glove |
| ☐ a silk leaf | ☐ a toy bug |

-
- Dry rice and beans can choke a child under three. Keep the bin away from little ones, and always play together.
 - Everything goes back in the bin, never in a mouth.
 - Wash hands after play.

Ages 3-7 with a grown-up - made by a teacher, adapt freely.
